ORIENTATION

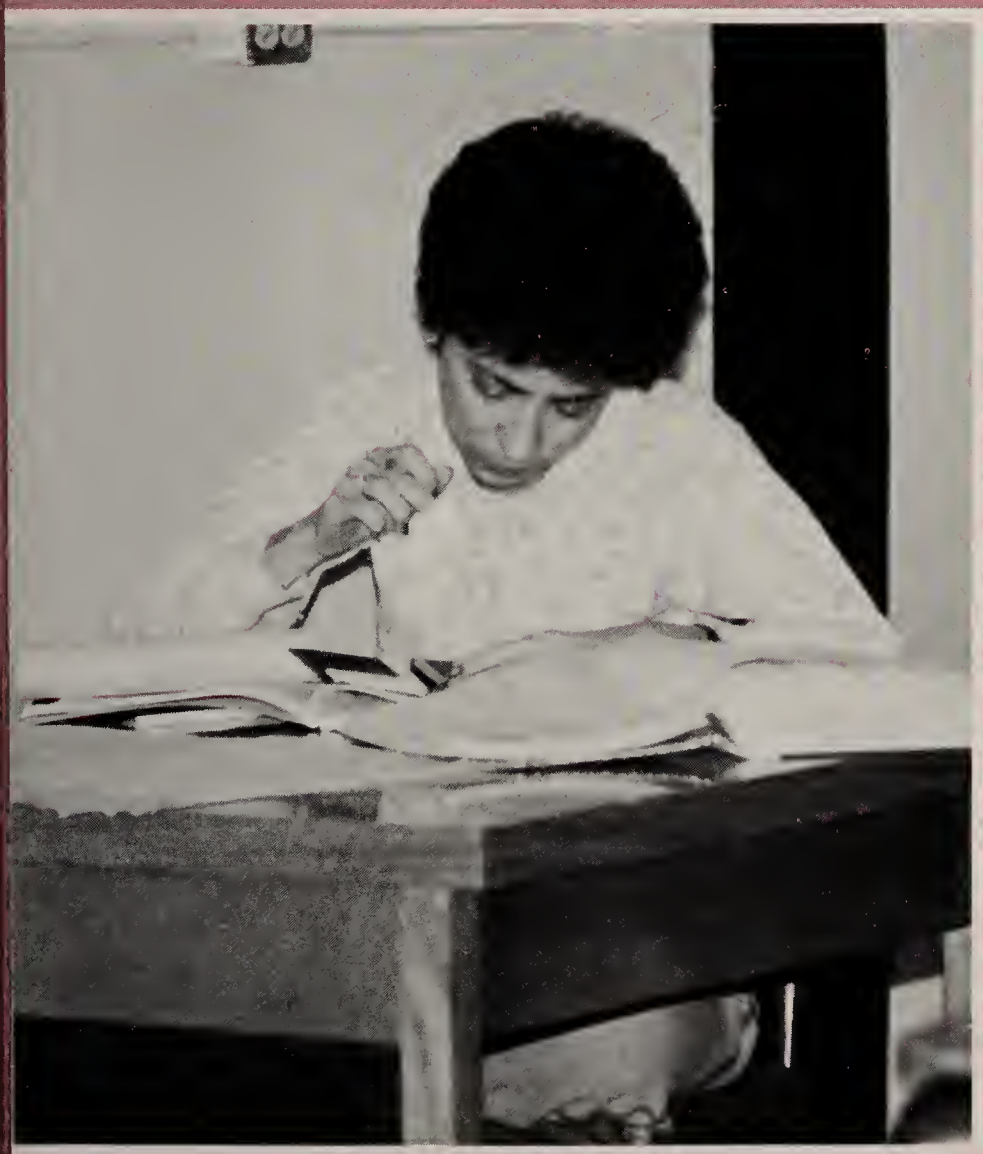

OPENING DAY MASS

DORM LIFE

GASPAR HALL

1897-1982

"Job well done" is a fitting summation for the service to higher education rendered by Gaspar Hall during 1897-1981. It started as a dormitory for young pupils and housed the music department and gymnasium during its early years, then was the faculty building (1905-40), a student residence (1940-73) and finally a faculty residence (1973-81). At various times, Gaspar's basement was a clubroom, home of the old candy store, the popular "J" cafe and the bookstore. Unoccupied since the spring of 1981, Gaspar was razed in the fall of 1982.

We would like to take this opportunity to thank all of the people who assisted us in producing this year's Phase: First, we would like to express our deepest appreciation to our advisor, Mr. Charles Schuttrow and his wife Delores, for all their endless hours of work. Next we would like to thank our photography staff. We owe a special thanks to Burrell Colour for processing the four-color photographs in this book. Finally, we would like to thank our staff (which made our job very interesting) and the many others who have given their time to Phase '83.

Thanks to All!
